

STATUS OF SIGAR RECOMMENDATIONS

The Inspector General Act of 1978, as amended, requires SIGAR to report on the status of its recommendations. From 2009 through January 2025, SIGAR published 515 audits, financial, inspection, and alert letter reports, and made recommendations to recover funds, improve agency oversight, and increase program effectiveness. As of January 31, 2025, SIGAR continued to monitor agency actions on 106 open recommendations. Thirty-Six of these recommendations have been open more than 12 months; these remain open because the agency involved has not yet produced a corrective-action plan that SIGAR believes would resolve the identified problem, or has otherwise failed to appropriately respond to the recommendation(s).
